

DLD Approval Criteria I 1: Administrative monitoring of and intervention in the quality and instructors' responses to student assignments and questions.

These are incorporated into the OnlineHS teacher's district-mandated observation and evaluation

OnlineHS Teacher Metrics

The OnlineHS program has developed a set of operating procedures for its online instructors. These are the "best practices" that the OnlineHS administrator will observe and reinforce.

- Student emails responded to within 24 hours (school days)
- Discussion boards - teachers will have a presence by responding daily to discussion boards.
- Announcements will be posted by instruction in each classroom (3-5 per week)
- 2-way communication weekly between each student and teacher
- On-time assignments graded with scores posted in grade book within three school days for students to view.
